## KJ-1250™ SINGLE - VEND®

The ultimate in newspaper equipment: one coin (or your price), one paper. Unlike other single-vend equipment, K-Jack's Single Vend® does not vend a paper to the customer; but allows the customer to take one paper at a time. It features fast, easy bulk loading with easy 1 step key adjustment. It will handle papers from 1/8 inch to 2 1/2 inches in thickness. The Single Vend comes in two different models. One of them will have the page capacity to handle your special sales location.

All K-Jack newsracks are designed to operate with a standard K-Jack mechanical snap-out™ mechanism or our electronic Comp-U-Mech™ mechanism.

### ▼ STANDARD FEATURES AND EQUIPMENT

#### ► APPEARANCE:

- Woodgrain or painted panels
